ADV2011-3

FOR IMMEDIATE RELEASE:

Six Health Systems Selected for National Institutional Impact VTE Mentored Quality Initiative

BETHESDA, MD, March 10, 2011 - ASHP Advantage has selected six health systems to participate in a national Institutional Impact VTE Mentored Quality Initiative. The sites were selected through a competitive application process, and applicants were required to assemble a multidisciplinary team and garner support from senior leadership to conduct a VTE quality improvement project at their facilities. This is the second year that this program has been offered.

Physician-pharmacist faculty teams with expertise in VTE prevention and quality improvement will visit selected health systems during April and May to evaluate VTE prevention practices and provide specific recommendations to enable the participants to meet their quality improvement goals. Following the visit, participants and their multidisciplinary teams will conduct a VTE quality improvement project and report changes in the care of patients at risk of VTE.

The selected participants are as follows:

Froedtert Health
Milwaukee, Wisconsin
Team Leader: Jordan Dow, Pharm.D.

Liberty Hospital
Liberty, Missouri
Team Leader: Megan Fischer, MBA

Overlook Hospital
Summit, New Jersey
Team Leader: William Rickley, Pharm.D.

Saint Barnabas Medical Center
Livingston, New Jersey
Team Leader: Maggie Lundberg, R.N.

University of Texas MD Anderson Cancer Center
Houston, Texas
Team Leader: Ginger Langley, Pharm.D.

WellSpan Health
York, Pennsylvania
Team Leader: Jon Horton, Pharm.D.

301-664-8875

The faculty mentors are as follows:

Stuart T. Haines, Pharm.D., BCPS, FCCP, FASHP, FAPhA
West Palm Beach VA Medical Center, West Palm Beach, Florida
University of Maryland School of Pharmacy, Baltimore, Maryland

Gregory A. Maynard, M.D., M.S., SFHM
University of California - San Diego, California

Jordan C. Messler, M.D., FHM
Morton Plant Hospital
Clearwater, Florida

Zachary A. Stacy, Pharm.D., BCPS
St. Luke's Hospital, Chesterfield, Missouri
St. Louis College of Pharmacy, St. Louis, Missouri

The Institutional Impact VTE Mentored Quality Initiative is part of a series of interprofessional activities designed to increase the rate of thromboprophylaxis in high-risk populations and promote the safe use of anticoagulation therapies. This initiative is supported by an educational grant from Ortho-McNeil, Division of Ortho-McNeil-Janssen Pharmaceuticals, Inc., administered by Ortho-McNeil Janssen Scientific Affairs, LLC.

For more information about this educational initiative, visit www.StopVTE.org.

About ASHP Advantage

Launched in 1995, ASHP Advantage specializes in developing customized educational activities to address identified educational gaps. As a division of ASHP, ASHP Advantage staff members stay apprised of key issues and trends shaping pharmacy practice and health care today. With access to the vast resources of ASHP and its membership, ASHP Advantage designs quality programs and projects for health care professionals. For more information about the services of ASHP Advantage, visit www.ashpadvantage.com.

About ASHP

For more than 60 years, ASHP has helped pharmacists who practice in hospitals and health systems improve medication use and enhance patient safety. The Society's 35,000 members include pharmacists and pharmacy technicians who practice in inpatient, outpatient, home-care, and long-term-care settings, as well as pharmacy students. For more information about the wide array of ASHP activities and the many ways in which pharmacists help people make the best use of medicines, visit ASHP's Web site, www.ashp.org, or its consumer Web site, www.SafeMedication.com.
